Continuous Improvement

Cost Savings Solutions

Sustainability

PolyVinyl Visual Tags

Our Tags go hand-in-hand with a lockout tagout system to prominently display safety hazard detail, which is required by OSHA for locked out equipment or tools until the hazard has been resolved (OSHA 29 CFR 1910.145).

Tags are suited for temporary, critical messaging.

Essential communication for compliance and safety

Applications

- > Lockout Tagout
- > Fire Safety
- > 5S Red Tags
- > Chemical
- > OSHA Labels
- > PPE
- > Inspection/Repair Tags
- > Custom

5S Red Tags

Use Red Tags during the "Sort" stage of 5S to clearly identify items not needed for work. Tagged items are moved to a designated area for later evaluation and disposition.
