BUSINESS SUMMARY

Construction, Manufacturing And Distribution centers strive to implement 5S (Workplace Organization), utilize visual management to increase productivity and communicate safety standards, but lack the tools to sustain their Lean improvements. Visual Workplace provides custom operational, facility and safety signage to eliminate waste, increase efficiency and communicate visually.

EXPERTISE

Visual Workplace has 23 years of proven industry experience providing Custom & Do-It-Yourself signage and continuous improvement products to construction, manufacturing and distribution centers. Our team of graphic designers eliminate the hassles and extra cost when it comes to purchasing custom signage.
