

***Innovative Products that Deliver***

***Continuous Improvement***

***Cost Savings Solutions***

***Sustainability***

## **Retail**

In the fast-paced retail product industry where ever changing promotions, sales and product introductions are designed to create high volume people traffic.

Visually promoting discounts and sales using colorful, attention grabbing graphics with Window-Mark, promotional displays and floor decals peak interest for customers. Directional and overhead signage tells them the location to capitalize on the advertising. Floor-Mark tape and symbols help organize the stores backend to created efficiency with product stocking processes.

### **Visual Communications for the Retail Market**

Merchandise sales and product lines bring customers in and cleanliness makes customers feel welcome and drives repeat business. Visual Hygiene stations for PPE, sanitizing carts and hands located near the entrance when you walk into a store will call out to customers that the store cares about their health and well-being to set the tone that cleanliness is important.

Retail is a constantly evolving business industry and Visual Workplace can help you *Visualize* your goals, *Improve* your processes and *Sustain* a healthy, efficient work environment.
