Continuous Improvement

Cost Savings Solutions

Sustainability

Visual Overlays

If you are like most companies, you start with...a ruler, dry erase markers and a few peel & stick letters and numbers. These boards typically look unprofessional, lack credibility and require a great deal of time to create. Overlays from Visual Workplace make your boards look professional without all of the hassle of hand-made graphics with dry erase board magnetic or adhesive overlays.

How can Magnetic Dry Erase Overlays save you time and reduce costs?

Our team of designers can assist you with your design, or you can simply send us an excel document with your ideas. We will create a design that fits your application!

Overlays allow the use of existing magnetic dry erase boards in your facility. When changes happen, REPLACE the overlay, NOT the dry erase board.

Measure it. Manage it!
