## **Sign Bases & Posts**

No more broken sign posts or damage to surfaces! Our 360° flexible sign posts ensure a highly visible, professional parking lot that eliminates damage to signage and surfaces. The durable design absorbs shock upon impact and are sleeved in maintenance-free HDPE plastic. They are available in a variety of colors to enhance visibility. Installation is quick and easy with no special tools required. Mounting hardware for concrete or asphalt is included.

- > Direct traffic
- > Designate parking locations
- > Temporary or permanent signage

- > Quick and easy installation
- > Aluminum sign post bracket assembly (sold separately) allows for 2 signs to be mounted back-to-back
- > Bright color to increase visibility
- > Withstands the elements and 75 mph winds when filled properly
- > Sign base material: HDPE
- > Sign post material: Steel
- > Sign bases weigh 30 lbs. with pole when empty and 175-250 lbs. when filled with concrete, sand, or water
- > Sign posts are sleeved in matching HDPE post covers
- > Made in the USA
