

Virtual LED Safety Walkways

Multi-Color 100W

Create highly visible, virtual walkways, aisles or lanes

Virtual LED Safety Walkways are a highly visible, cost-effective alternative to conventional floor marking tape. Use to clearly define walkways, aisles and lanes and reconfigure easily without surface preparation. Install multiple projectors to create continual illuminated pathways to identify safe pedestrian walkways. LED walkways are easy to set up without surface preparation, re-taping and repainting. Communicate standards by adding Virtual LED Safety Symbols to walkways. Walkway length is determined by mounting height.

- Bright LED walkways offer high contrast to direct pedestrians and forklift traffic
- LED life rated at 75,000 hrs. - compared to other products at 30,000 hrs.
- Provides maintenance-free walkways
- Eliminates the need to repaint or re-stripe floor tape
- Ideal for high traffic areas

Specifications

- LED projection type: single image
- LED projection colors: red, green, blue, yellow, white
- Cord Length: 5 ft. – 7 ft.
- Power Connection: LED driver w/ extension cord & bare leads
- Optional: 15A Plug
- MTTF: 75,000 operational hours
- Material: Anodized Aluminum
- Power Supply: 90-305 Vac / 50-60Hz
- Amp Draw: 0.95A (100W), 0.5A (50W)
- Operating temperature range: -40°F to 120°F
- Includes: LED projector, mounting bracket and power supply
- IP Rating: IP54
- Environment: Indoor
- Dimensions: 6" x 12" x 6"
- Weight: 5.5 – 6.6 lbs
- Maintenance free
- Warranty: 5 years

Image size:	4 ft. x 6 ft. – 9 ft. x 15 ft.
MIN/MAX Mounting:	26 ft. / 50 ft.
Ambient Lighting:	Bright
