Visual Workplace
is a leading provider of innovative visual communications that deliver a platform of continuous improvement and drive sustainability across all industries.

Table of Contents

Visual Communication for Slip, Trip & Fall Prevention

Visual Workplace supports the industry by visualizing, improving and sustaining a safe, efficient work environment.

In any fast-paced industry, companies continually strive to improve employee safety. Implementing a comprehensive safety plan can prevent adverse events.

One major tool in any prevention situation is to have approved visual communications.

Visual Workplace has the solutions to create information centers, huddle boards, directional signage, floor decals and safety labeling for preventative communication needs. Floor decals direct employees to take caution in specific areas and provide a reminder of prevention procedures.

Visual communication tools are integral to all companies dealing with any type of slip, trip or fall situation. Visual Workplace will help you visualize your goals, improve your processes and sustain a safe environment for your employees.

Overlays & Dry Erase Boards

Project Management Done Right!

Improvement necessitates measuring performance against the standard. No more hand-made graphics! Printed dry erase boards and overlays assist the team with problem solving and comparing goals to actual performance.

Visual Workplace has many designs to choose from or will customize a design at no additional cost. Simply contact us, and the design team at Visual Workplace will create a design to meet specific needs.

Material Options

Magnetic Dry Erase Boards

Magnetic, frameless dry erase boards are durable .118" steel composite. Graphics are long lasting.

Non-Magnetic Dry Erase Boards

Non-magnetic, frameless dry erase boards are .118" acrylic, which offers excellent clarity, durability and can be used as a dry erase surface.

Dry Erase Board Overlays – Magnetic and Non-Magnetic

• Magnetic or Non-Magnetic

• Printed on a thin, durable acrylic sheet with a frame that attaches to a dry erase board

• Graphics are printed on the backside
