

Virtual LED Safety Lines

25W SE Slim

Single beam, highly visible projected lines

Use Virtual LED Safety Lines to project a highly visible, indestructible, single-beam, wide line onto any surface. Eliminate the need for floor tape and paint by creating bright virtual aisles and lanes. Long lasting, Virtual LED Safety Line projectors offer a versatile and efficient way to mark floors where needs may change. Fixed line lengths are determined by mounting height. Add Virtual LED Safety Symbols to communicate standards.

- Bright LED line offers high contrast to direct pedestrians and forklift traffic
- LED life rated at 75,000 hrs. - compared to other products at 30,000 hrs.
- Provides maintenance-free lines and walkways
- Eliminates the need to repaint or re-stripe floor tape
- Ideal for high traffic areas
- Each projector projects one line
