Innovative Products that Deliver

Continuous Improvement

Cost Savings Solutions

Sustainability

Automotive Manufacturing

The automotive industry is driven by Lean Manufacturing principles. Visual Workplace has been assisting the automotive manufacturing for over 20 years with safety solutions, visual management products and 5S support. Our experience has facilitated the creation of innovative products like the Visual Sign Shop and dry erase Visual Overlays. We strive to provide solutions through exceptional service.

Visual Workplace specializes in tools to enhance your facility through visual management. Customized Visual Overlays, dry erase boards or digital Key Performance Indicator (KPI) displays will present your metrics to highlight areas that meet your goals or other places that need to improve. Floor-Mark decals, symbols, tape and stencils direct traffic and organize work cells. Our Visual

Visual Communications for Food and Beverage Manufacturing

Lockout/Tagout (LOTO) line assists in OSHA compliance and keeps your workers safe from unexpected hazardous energy release. We have many other safety and lean manufacturing tools available to support your automotive industry needs.

One of the most innovative and useful tools, the Visual Sign Shop, is the DIY solution to creating your own visuals in-house on demand. It will also save up to 75% over outsourcing your visual needs to an outside company. Department signs, floor decals and symbols, safety signs, Kanban volumes, tools shadows and KPI boards are just a few of the visuals you can make in minutes to support your organizational and continuous improvement goals. Our trainers will teach you to use the sign shop to implement your ideas and increase your efficiency through Visual Management. Visualize your goals, Improve your processes and Sustain a lean manufacturing environment with Visual Workplace.
