Visual Workplace
is a leading provider of innovative
visual communications that
deliver a platform of continuous
improvement and drive
sustainability across all industries.

Visual Communication is Key for Workplace Safety

Visual Workplace supports various industries by providing visual management products to improve and sustain a safe, efficient work environment.

Hazards exist in every workplace in many different forms: sharp edges, falling objects, flying sparks, chemicals, noise and a myriad of other potentially dangerous situations. The Occupational Safety and Health Administration (OSHA) requires that employers protect their employees from workplace hazards that can cause injury.

Visual Workplace is dedicated to help maintain a safe workplace environment by providing the tools to bring attention to areas of concern for physical and health hazards. PPE required signs can be displayed for both workers and visitors who may be inspecting codes or delivering supplies to keep the job moving.

An effective way to identify workplace hazards is for knowledgeable and experienced workers to conduct routine safety and health inspections. The only way to know if potential hazards exist and if they are under control is to assess work processes directly. VWP can help identify these areas and provide the resources to make the workplace safe and in compliance with OSHA standards.

- Outdoor durability: 2 to 4 years
- Apply to clean, dry, smooth surfaces

Plastic

- Lightweight, yet rigid and durable
- Rounded corners
- Indoor use

Aluminum

- Rounded corners
- Rust resistant
- Outdoor durability: 5 to 7 years

Banner/Fence Banner

- Outdoor use, durable, hemmed with grommets
- Various sizes available

Reflective Aluminum

- Engineer grade sheeting
- Standard .118-gauge aluminum composite
- Standard mounting holes and corner radiuses
- Meets DOT and MUTCD guidelines
- 10-year outdoor durability

PPE PROJECT MANAGEMENT

Overlays & Dry Erase Boards

Project Management Done Right!

Improvement necessitates measuring performance against the standard. No more hand-made graphics! Printed Dry Erase Boards and Overlays assist the team with problem solving and comparing goals to actual performance.

Visual Workplace has many designs to choose from or will customize a design at no additional cost. Simply contact us, and the design team at Visual Workplace will create a design to meet specific needs.

Material Options

Magnetic Dry Erase Boards

Magnetic, frameless dry erase boards are durable .118" steel composite. Graphics are long lasting.

Non-Magnetic Dry Erase Boards

Non-magnetic, frameless dry erase boards are .118" acrylic, which offers excellent clarity, durability, and can be used as a dry erase surface.

Dry Erase Board Overlays – Magnetic and Non-Magnetic

- Magnetic or Non-Magnetic
- Printed on a thin, durable acrylic sheet with a frame that attaches to a dry erase board
- Graphics are printed on the backside
