Visual Communication is Key for Electrical Safety

Visual Workplace supports various industries by providing visual management products to improve and sustain a safe, efficient work environment.

Hazards exist in every workplace in many different forms: sharp edges, falling objects, flying sparks, chemicals, noise and a myriad of other potentially dangerous situations. The Occupational Safety and Health Administration (OSHA) requires that employers protect their employees from workplace hazards that can cause injury.

Visual Workplace is dedicated to help maintain a safe workplace environment by providing the tools to bring attention to areas of concern for physical and health hazards. PPE required signs can be displayed for both workers and visitors who may be inspecting codes or delivering supplies to keep the job moving.

An effective way to identify workplace hazards is for knowledgeable and experienced workers to conduct routine safety and health inspections. The only way to know if potential hazards exist and if they are under control is to assess work processes directly. Visual Workplace can help identify these areas and provide the resources to make the workplace safe and in compliance with OSHA standards.

Call (877)523-4088 to speak with a Visual Workplace employee today or visit www.visualworkplaceinc.com to learn more!

Sign Materials

Choose from a large selection of materials to meet specific needs.

Dry Erase Board Overlays – Magnetic and Non-Magnetic

- Magnetic or Non-Magnetic
- Printed on a thin, durable acrylic sheet with a frame that attaches to a dry erase board
- Graphics printed on back to eliminate fading

Self-Adhesive Vinyl Decal

- Peel and stick backing, flexible vinyl film (curved or flat surfaces)
- Outdoor durability: 2 to 4 years
- Apply to clean, dry, smooth surfaces

Plastic

- Lightweight, yet rigid and durable
- Rounded corners
- Indoor use

Aluminum

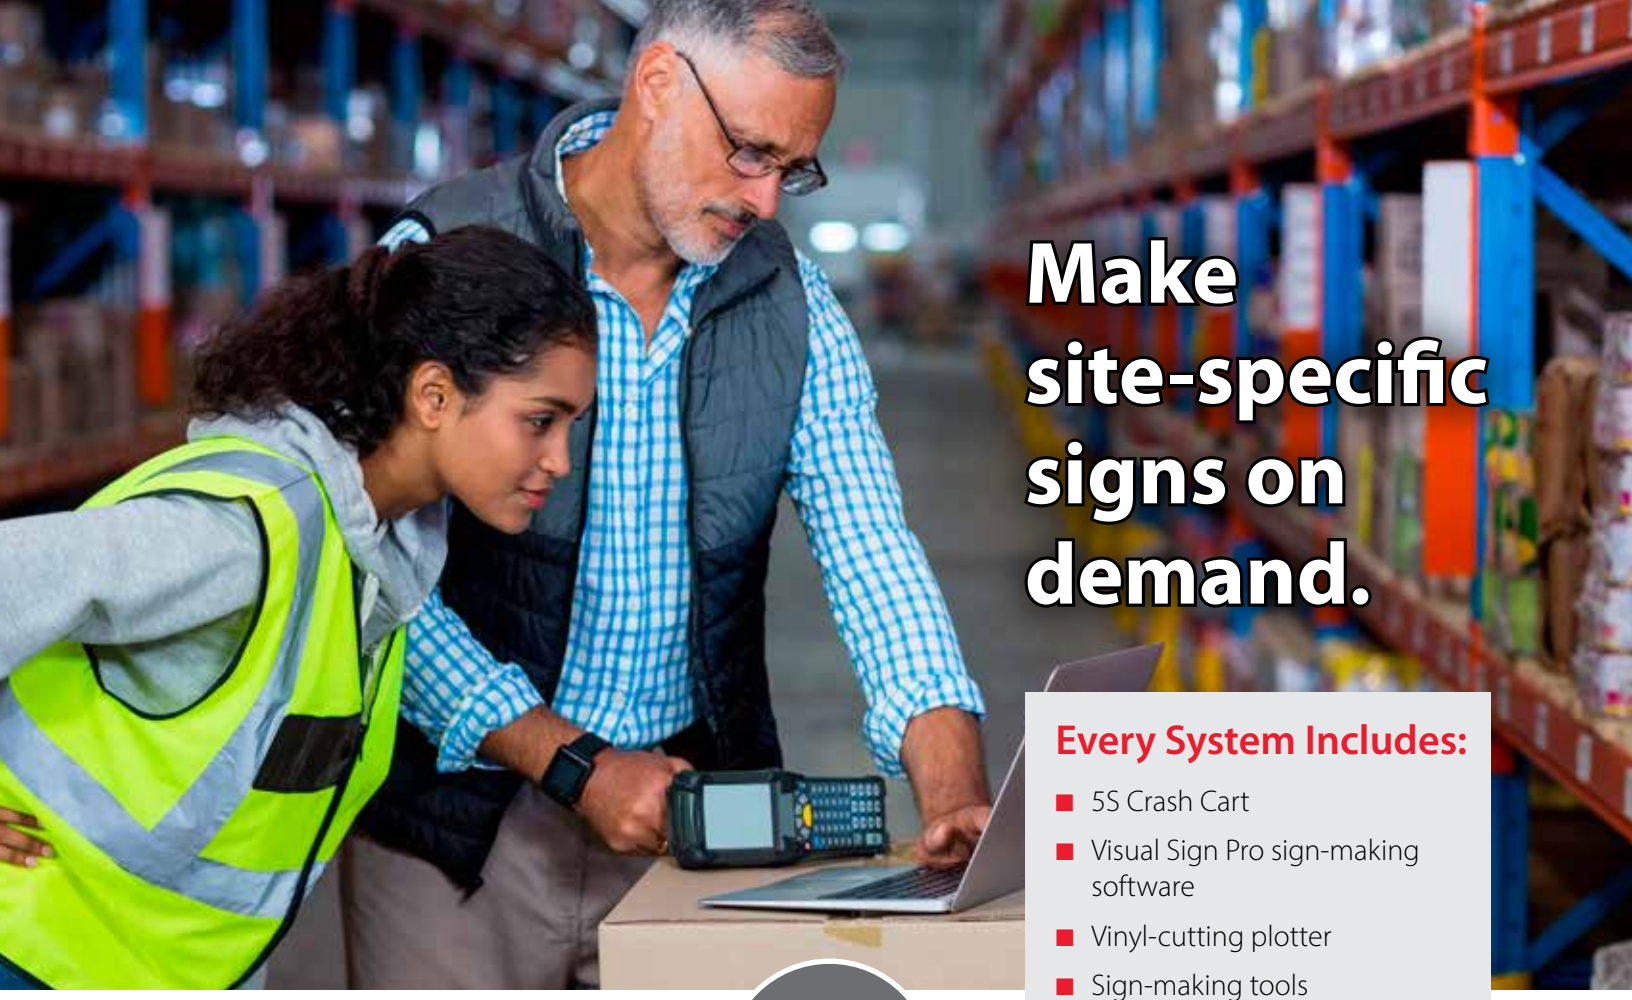
- Rounded corners
- Rust resistant
- Outdoor durability: 5 to 7 years

Banner/Fence Banner

- Outdoor use, durable, hemmed with grommets
- Various sizes available

Reflective Aluminum

- Engineer grade sheeting
- Standard .118-gauge aluminum composite
- Standard mounting holes and corner radiuses
- Meets DOT and MUTCD guidelines
- 10-year outdoor durability



Make site-specific signs on demand.

Every System Includes:

- 5S Crash Cart
- Visual Sign Pro sign-making software
- Vinyl-cutting plotter
- Sign-making tools
- Material kit to make 64 signs
- Hundreds of sign templates and clipart
- Training
- Technical support
- Manuals

Visual Sign Shop

Save up to 75% when making vs. buying!

Option available to include a laptop!

▶ Easy to Use

Includes all the tools and training to start making signs right away.

▶ Flexible & Fast

Allows your team to make signs where you need them, when you need them. No more waiting on outside resources.

▶ Affordable

Instead of buying your signs, you will make them quickly and easily at a fraction of the cost.

LabelTac® Pro X Printer

NEW

The LabelTac® Pro X is a compact industrial label printer featuring a rugged chassis, color LCD screen, built-in Ethernet connectivity, and effortless supply loading.

- OSHA Compliance/Safety
- Equipment Labeling
- Arc Flash
- Conduit and Voltage
- Energy Source
- Transformer
- Lockout/Tagout
- GHS/HazCom
- Pipe Marking
- Rack/Barcode Labeling
- Warehouse/Facility
- 5S & Lean

LabelSuite software is included and makes designing labels and signs easy

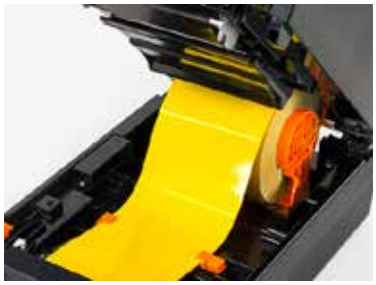
System includes:

- LabelSuite® print software, drivers, and cables
- Templates and industrial symbol library
- One starter print ribbon
- User guide

Features/Benefits

- Indoor/outdoor supplies
- Prints up to 4" width
- Print speed up to 6"/second
- Full lifetime transferable warranty
- Metal chassis with 3.5" color LCD display

Visit our website for LabelTac Pro X printer supplies



Loading supplies is easy!

Floor Decal Kits

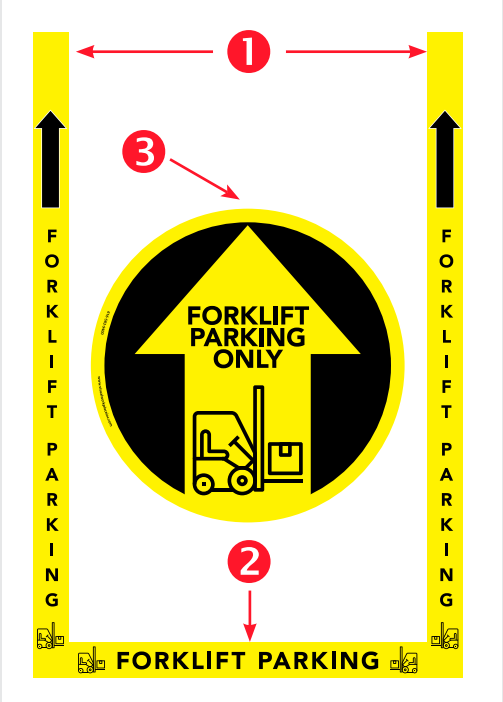
Keep specified areas clean and free from obstructions and debris with our "HIGH BOND," durable Floor Decal Kits. The peel-and-stick application makes it easy to apply. Floor Decal Kits withstand forklift and heavy foot traffic.

- Premium high bond material: 4 mil grip adhesive vinyl for industrial workplaces
- Laminated with durable 5 mil slip-resistant vinyl
- Flexible material for curved or flat surfaces
- Apply to smooth, oil-free, clean and dry surfaces
- Ideal for indoor use
- Easy, quick, peel-and-stick installation
- More durable than paint

Floor Decal Kits include:

- 1–17" Round Floor Decal
- 3–Pre-cut border pieces to create a 36" x 24" overall size

Floor Decal Kits communicate safety precautions, reinforce work instructions and provide direction.



Quick and Easy Peel-and-Stick Installation!

1. Peel-and-stick the two vertical border pieces in the desired location using the outside edges of the shorter, horizontal border piece for accurate spacing and alignment.
2. Center the horizontal border piece along the bottom edges of the two vertical borders and peel-and-stick in place.
3. Peel-and-stick the round floor decal in the center to complete the Floor Decal Kit.

The vinyl material is flexible for uneven surfaces, and the high-bond adhesion withstands heavy traffic.

Lockout/ Tagout

Comply with OSHA regulations and keep employees safe by making equipment inoperable

LOCK IT OUT!

LOCK IT OUT! Controlling energy with a Lockout/Tagout (LOTO) system is an important component of maintaining a safe work environment and protects employees from injury or death that could occur if equipment isn't safely turned off. Energy used to power mechanical, hydraulic, thermal, electrical, pneumatic, water and other systems needs to be locked out to stop the release of hazardous energy when performing equipment repairs and maintenance.

Visual Workplace offers padlocks, lockout devices, tags, labels, hasps and other devices to support any LOTO system to maintain a safe work environment.

Hasps

More options available online!

Ideal Solution for LOTO Equipment Requiring Multiple Workers

Hasps are an easy and effective way to lock out main power switches and energy sources to avoid accidentally restarting machines during maintenance or service.

For example, if different work steps need to be carried out by different workers on the same machine, each can lock out the machine with their respective padlock (sold separately). Only when maintenance is fully complete, the final worker takes off their padlock and releases the main switch.

Available in:

- Steel / Steel (Interlocking Style)
- Aluminum
- Plastic

DESCRIPTION	ITEM #
Steel Hasp, 1" Diameter	57-2510-0315-623
Steel Hasp, 1.5" Diameter	57-2510-3502-623
Plastic Hasp, 1"	57-2512-5515-628

Cable Lockouts

Cable lockout devices are universally applicable, especially in cases where longer distances between two lockout points have to be bridged. These flexible cables are available in different lengths and simply wrap around lockout spots and are tightened with the lockout device.

- Bridge two lockout points
- Patented grip mechanism to secure the cable
- Retighten at any time, even when locked
- Flexible metal cable in 3", 6", 9", 15" lengths

Standard Cable Lockout

- Holds up to 6 padlocks

DESCRIPTION	ITEM #
Cable Lockout, Standard, 3-ft Cable	57-2574-5025-SD03
Cable Lockout, Standard, 6-ft Cable	57-2574-5025-SD06

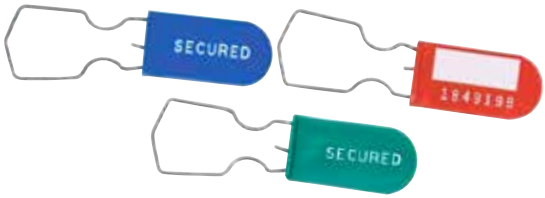
Security Seals

One-Way Locks Provide Tamper-Evidence

Once a Security Seal is removed, it is broken and cannot be reused. To prevent seals from being replaced by like-versions, all seals are numerically coded with random-start numbering and recorded for security purposes, making them tamper-resistant.



Plastic Padlock Wire Seals

- Durable, corrosion resistant, galvanized wire hasp
- Wire loops fit into small apertures
- Stock seals are hot stamped "SECURED" with random-start, sequential numbering
- Removable with wire cutters
- 1" diameter loop
- 100-lb. break strength
- 100 per package
- Call to customize

Virtual LED Safety Signs

Direct safety messages visibly and maintenance-free

Virtual LED Safety Sign projectors display sign images that communicate safety requirements to keep employees safe. There is no need to prep the floor or replace torn decals. Maintenance-free Virtual LED Safety Signs save time and reduce costs. Images can be easily changed by replacing the image disk.

- Bright LED signs offer high contrast to direct pedestrians and forklift traffic
- LED life rated at 75,000 - compared to other products at 30,000
- Provides maintenance-free safety signs
- Eliminates the need to repair or replace floor decals
- Ideal for high traffic areas
